STATE OF ILLINOIS
The Religious Freedom Protection and Civil Union Act
Effective June 1, 2011

The Religious Freedom Protection and Civil Union Act (“the Act”) creates a legal relationship between two persons of the same or opposite sex who form a civil union. The Act provides that the parties to a civil union are entitled to the same legal obligations, responsibilities, protections and benefits that are afforded or recognized by the laws of Illinois to spouses. The law further provides that a party to a civil union shall be included in any definition or use of the terms “spouse,” “family,” “immediate family,” “dependent,” “next of kin,” and other terms descriptive of spousal relationships as those terms are used throughout Illinois law. This includes the terms “marriage” or “married,” or variations thereon. Insurance policies are required to provide identical benefits and protections to both civil unions and marriages. If policies of insurance provide coverage for children, the children of civil unions must also be provided coverage. The Act also requires recognition of civil unions or same sex civil unions or marriages legally entered into in other jurisdictions.

For more information regarding the Act, refer to 750 ILCS 75/1 *et seq.* Examples of the interaction between the Act and existing law can be found in the Illinois Insurance Facts, Civil Unions and Insurance.

DISTRICT OF COLUMBIA
LIFE & HEALTH INSURANCE GUARANTY ASSOCIATION ACT OF 1992 SUMMARY OF
GENERAL PURPOSES, COVERAGE LIMITATIONS AND CONSUMER PROTECTION

General Purposes

Residents of the District of Columbia should know that licensed insurers who sell health insurance, life insurance, and annuities in the District of Columbia are members of the District of Columbia Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of this Guaranty Association is to assure that policy or contract holders of certain types of insurance policies and contracts are covered up to the statutory levels of protection of contractual benefits in the unlikely event that a member insurer is unable to meet its financial obligations and found by a court of law to be insolvent. When a member company is found by a court to be insolvent, the Guaranty Association will assess its other member insurers to provide benefits on any outstanding covered claims of persons who reside in the District of Columbia. However, this additional protection provided through the Guaranty Association is subjected to certain statutory limits explained under the "Coverage Limitations" section, below. In some cases, the Guaranty Association may facilitate the reassignment of policies or contracts to other licensed insurance companies to keep them in-force, with no change in contractual rights or benefits.

Coverage

The District of Columbia Life and Health Insurance Guaranty Association ("Guaranty Association"), established pursuant to the Life and Health Guaranty Association Act of 1992 ("Act"), effective July 22, 1992 (D.C. Law 9-129; D.C. Official Code § 31-5401 et seq.), provides insolvency protection for certain types of insurance policies and contracts. NOTE: Certain policies and contracts may not be covered or fully covered.

The insolvency protections provided by the Guaranty Association are generally conditioned on an individual being a resident of the District of Columbia and are the insured or owner under a health insurance, life insurance, or annuity contract issued by a member insurer, or they are insured under a group policy insurance contract issued by a member insurer. Beneficiaries, payees, or assignees of District insureds are also covered under the Act, even if they live in another state.

Coverage Limitations

The Act also limits the amount the Guaranty Association is obligated to pay. The benefits for which the Guaranty Association may become liable shall be limited to the lesser of:

- The contractual obligations for which the insurer is liable or for which the insurer would have been liable if it were not an impaired or insolvent insurer, or
- With respect to any one life, regardless of the number of policies, contracts, or certificates:
 - \$300,000 in life insurance death benefits for any one life; including net cash surrender or net cash withdrawal values;
 - \$300,000 in the present value of annuity benefits, including net cash surrender or net cash withdrawal values;
 - \$300,000 in the present value of structured settlement annuity benefits, including net cash surrender or net cash withdrawal values;
 - \$300,000 for long-term insurance care benefits;
 - \$300,000 for disability insurance;
 - \$500,000 for basic hospital, medical, and surgical insurance, or major medical insurance;
 - \$100,000 for coverage not defined as disability insurance or basic hospital, medical and surgical insurance or major medical insurance or long term care insurance including any net cash surrender and net cash withdrawal values.

In no event is the Guaranty Association liable for more than \$300,000 with respect to any one life (\$500,000 in the event of basic hospital, medical, and surgical, and major medical claims).

Additionally, the Guaranty Association is not obligated to cover more than \$5,000,000 for multiple non-group policies of life insurance with one owner regardless of the number of policies owned.
